RALLY ON ICE X[®] FESTIVAL

ÅRE, SWEDEN

18-20-23.03.2019

Introduction

RallyX on Ice – Is a unique event set in the frozen north of Sweden in the beautiful Winter resort of Åre

The Three-round RallyX on ICE Festival will offer drivers a rare opportunity to gain competitive experience and mileage on low-grip surfaces during the traditional motor sport 'off-season', and the addition of SRX Xtreme Cross karts will allow the rallycross stars of tomorrow to learn the ropes while proving their potential in front of the RX team owners.

As many as 30 Supercar Lites cars are expected to swell the RallyX on Ice grid, with the capacity to accommodate 20 SRX Xtreme Cross karts – making it the biggest rallycross ice-racing series ever established.
