1. General

1.1 Rights and law

- 1.1.1** The RallyX Championship is arranged by RX Promotion in cooperation with Motorsport Nord Jylland, TBA Sweden, Urheiluautoilijat ry, NMG Grenland, Finnskoga MK and according to this Sporting and Commercial Regulations, NEZ General Prescriptions, FIA's International Sporting Code to the extent that the latter is not contrary to these does not conflict with these Regulations. The championship is administered by RX Promotion AB.
- 1.1.2** Event status. FIA North European Zone Championship (NEZ Championship) with the series name "RallyX 2023".
Competitors: It is arranged an individual series in 2023 with denotation "RallyX 2023" open to drivers/competitors with national license issued by FIA North European Zone members ASN.
EU Professional Competitors or Drivers shall be entitled to take part and score points in Zone Competitions taking place in European Union or comparable countries on the same basis as national licence-holders of those countries.
- 1.1.3** The terminology and abbreviations specified in FIA's regulations shall be used in these regulations unless otherwise stated herein. Headings in this document are for ease of reference only and do not form part of these Regulations.
- 1.1.4** Revisions and additions to these regulations will be published in a Bulletin on RallyX website and sent to all registered competitors via E-mail to the E-mail address specified on the entry form or, alternatively, given to the driver personally. All competitors, drivers, teams, manufacturers, team members and persons associated with them are bound to follow the Regulations and changes, additions or statements related thereto.
- 1.1.5** Inquiries regarding clarification of the Regulations shall be made in writing to NEZ Rallycross Commission
- 1.1.6** The inquiry and the response will be made public for all registered drivers. A verbal question about clarification and a verbal answer are not binding and will not be made public to other drivers.
- 1.1.7** Driver's shall participate in the championship entirely at their own responsibility and at their own risk. The FIA, RX Promotion AB, X the racetrack company, organizers, organizing club and officials relinquish all responsibility for injuries, accidents or other such events that occur during practice and race.
- 1.1.8** The event is considered to have begun as from the time scheduled for the beginning administrative check-in or scrutineering, whatever start first.
- 1.1.9** Scope of the regulations. Championship events for the classes SuperCar, Supercar Lites and support classes Crosscar, Crosscar junior and Open 2wd and RX2e Guest classes will be driven according to these commercial regulations and the 2023 Rally X sporting regulations.

The final text of these the Sporting Regulations shall be the English version which will be used should any dispute arise as to their interpretation.

1.2 Championship officials

- 1.2.1** Organizer/promoter of the Championship: RX Promotion AB.
- 1.2.2** Officials shall be named in Supplementary Regulations
- 1.2.3** The panel of stewards: Two of the stewards will be nominated by the NEZ Rallycross Commission (nationality different from that of the organizing country) and one by the ASN of the organizing country.
- 1.2.4** Race Director will be nominated by RX Promotion.
- 1.2.5** Clerk of the course/assistant clerk of the course will be nominated by the organizing club in joint consultation with the organizers ASN.
- 1.2.6** Technical delegate will be nominated by NEZ Rallycross Commission and RX Promotion AB.
- 1.2.7** Judge of fact will be named in Supplementary Regulations together with function.

1.3 Series entry

- 1.3.1 Through their application, the driver and the competitor pledge to follow and observe these regulations and any information contained in bulletins by virtue of these regulations.

All drivers, competitors and teams must submit an application to RallyX prior to the championship.

A complete application on webaddress www.rallyx.se must have been received by RallyX before March 1 2023 for full season.

Round by round closing date:

Nysumk 8th April, TBA, Sweden 22th April, Kouvala 13th May, Grenland 11th August and Höljes 19th September.

RallyX reserves the right to accept or reject each entry received after the closing date. Should a late entry be accepted, an extra fee of 15% will be added.

An entry is only complete as when the entry fee is paid to RX Promotion AB and the signed entry contingent liability form is provided to RX Promotion AB. RallyX has the right to validate and select any entry.

The race numbers will be permanent for the championship. The number will be assigned in accordance with RallyX decision. The race number relate to the driver.

The first 3 start numbers could follow the positions from RallyX 2021 and are reserved for the whole season, newcomers receive ongoing start numbers at registration.

- 1.3.2 The driver must hold a current and valid Driver's Licence issued by their own ASN. If a Competitor licence is stated in the entry form the competitor must hold a current and valid Competitor's Licence issued by their own ASN. Drivers with foreign licence must have start authorisation issued by their ASN.
- 1.3.3 The driver must guarantee that they and their cars satisfy the regulations and safety requirements both during practice, heats, semi-finals and final.
- 1.3.4 Driver's safety equipment. Helmets, FHR and clothing in accordance with FIA Regulations.

1.4 Paddock

There must be at least two places with high-pressure car wash equipment in the paddock.

Each organizing club will by PM announce the time you get access to the paddock. Competitors can be placed on grass, gravel or asphalt surface.

Each team can be assigned an area with a maximum of 108 square meter (rectangle eg. 12 x 9 m). If the organizing club have available space this can be ordered at a cost of 200 SEK per square metre.

Within the maximum assigned area there should be space to open any doors or similar.

Privat cars, truck tractors, motorhomes, extra transport vehicles, caravans, trailers, etc can not be parked in the paddock without agreement from promotor.

The organizer has the right to move any truck tractors, tralers etc. out of the paddock.

Generally, the team's short side of the awning is to be placed next to paddock gate.

- Parking possibilities for truck tractors, motor homes, extra transporter vehicles, etc will be arranged as close to the paddock as possible.
- Teams have access to a maximum of 1 metre of the paddock gate in front of the tent/service vehicle for use by working vehicles such as four-wheelers, tyre cart, cordoning off or similar.
- All vehicles should have the competition class and race number of the vehicle it belongs with displayed. This also applies to bikes, ATV's and other types of vehicles to be used in service purpose. Vehicles may go no faster than walking speed. Max 5 km/h. Vehicles may only be used for transporting materials.
- Each team should, in conjunction with the registration, specify their vehicles, tents and similar which they wish to place in the paddock, and provide a sketch with dimensions of paddock requests which should be submitted with

the registration documents. If there are any changes during the season RX Promotion AB should be notified immediately.

- Between 09.00 and 18.00 o'clock all teams should be open to the paddock street so that the public have an opportunity to gain an insight into their work.
- All of the team's transporter cars and other vehicles should be in good condition and washed before displayed in the paddock parking space. All vehicles should always have the competition class and race number of the vehicle it belongs with displayed.
- Team can the earliest start to pack up their tents and equipment at the time the finals start.
- All forms of test drives with race vehicles are forbidden in the paddock area.
- Fire gates (paddock gates) may not be blocked. Emergency services vehicles must have full access to the entire paddock area. The stewards of the meeting may issue fines should these rules be breached.
- Private cars/motorcycles are not allowed in the paddock area.
- Silence must be observed in the paddock area, as per the supplementary regulations.
- Damage to the asphalt caused by nails, etc. is not permitted. Should any repairs be necessary, these will be charged to the driver.
- There must be a fire extinguisher in all areas where there are personnel.

The competitor must have at least two approved fire extinguishers with a capacity of at least 6 kg or alternatively one of a capacity of 10 kg (or corresponding capacity in litres) available and a fire blanket (min. 120 x 120 cm). These must be well marked and must function properly. Minimum Fire class required for the fire extinguishers are 34A 183BC. Furthermore, all fuel that is stored in the paddock must be kept in SIS approved or UN approved receptacles. A maximum of 50 liters of fuel per car may be kept in the tents.

1.5 General safety

All driving on the track must be according to FIA Appendix L, Chapter V - Code of Driving Conduct on off road circuits, Article 2.

After receiving the end-of-race signal, all cars must proceed the lap slowly and follow the car in front back to the paddock (parc-ferme) or follow signals from officials.

No passengers are allowed when driving on the track.

It is strictly forbidden for Drivers to drive their car in a direction opposite that of the race.

At the exit of the Joker Lap, the cars on the main track have priority.

1.6 Incidents/follow-up inspections

- 1.6.1 All cars that are reported as having been involved in a collision during a race, must be inspected by the Technical Delegate if so ordered by the clerk of the course before the car may continue to participate in the race. Driver's which have been involved in a collision must always undergo a medical check-up before he/she is allowed to participate again.
- 1.6.2 If a driver is involved in a collision or incident, he may not leave the circuit without the consent of the clerk of the course, unless he is to be taken to the hospital. The driver or drivers involved must be available during the race until the protest period concerning their event has expired. Failure to comply may result in the incident being investigated and a penalty being imposed in their absence.
- 1.6.3 A driver's car may not be moved from the paddock during an event following inspection, except with the intention to compete in a race that is a part of the race or with express written consent by the Technical Delegate. Technical Delegate can demand a re-inspection at any time.
- 1.6.4 If a driver has serious mechanical difficulties during a race, he must leave the track as soon as it is safe to do so. The driver must leave the car in as safe a place as possible, in neutral or with the clutch disengaged and with the steering wheel in place. Drivers shall be on site and assist with any towing operations during or after the race.

- 1.6.5 If a car stops during a race, it must be moved as fast as possible so that it does not represent a danger or hindrance to other competitors. If a driver cannot move the car from a dangerous position, it is the responsibility of the official to assist the driver, however without endangering their own safety. Should the assistance result in the engine starting and the driver rejoins the race, the driver can continue without a penalty. In the case the assistance occurs with technical means, for example with a towtruck, the driver can not continue the race.

1.7 Terms and Conditions

The terms set out in these regulations are fundamental to the contract between, Rally X and the driver/competitor and team. Any breach of these regulations may result in penalties in accordance with the International Sporting Code, and these regulations point 4.3. Penalties the Rally X sporting regulations 1.15

1.8 ASN rules

The supplementary regulations must follow each ASN's regulations.

The stewards of the meeting may impose one or more penalties, simultaneously if applicable and/or in substitution or in addition to other available penalties, on any driver involved in an incident

1.9 Applications

All drivers, competitors and teams must submit an application to RallyX prior to the championship.

When the application has been approved by RX Promotion AB it constitutes a binding contract and can only be revoked without a fee with **RallyX** approval. Each driver eligible to participate in the contest of a National Championship, will wherever possible be given a place to participate.

Applicants entering in Open Supercar, Supercar Lites and Open 2WD will enter the NEZ Championship for 2023.

Other entrants such as RX2e, Crosscar and Crosscar Junior will feature as a support class and can only be Rally X champion.

In support class Crosscar and Crosscar Junior you can compete with cars complying with NEZ CrossCart 2023 / NEZ Crosscart Junior 2023 technical regulations or FIA CrossCar 2023 technical regulations.

Fees are in Euro EUR and subject to 6% Tax. This fee will be invoiced by RX Promotion AB.

1.12 Withdraw an entry

RallyX should always be notified of any cancellation by email: info@rallyx.se as soon as it is known. For cancellations less than 10 days before the event, cancellations must also be submitted to each organizer. Cancellations later than Tuesday 10 days before the event result in a fee of EUR 100 charged by RX Promotion AB unless an acceptable excuse can be provided.

1.13 Cancellation event

RX Promotion AB and the organizing clubs reserve the right to cancel the competition if there are too few entries to an event. If there is fewer than 10 entries RX Promotion AB and the organizing club reserves the right to cancel the event for the relevant class.

1.14 Paddock

- 1.14.1 The team has the right to sell accessories such as T-shirts, caps, pins etc. (not the sponsor's products) connected with the team within the team's paddock parking space at no additional cost. Any other sales, display areas have to be hired from the organizer.
- 1.14.2 The organizers will provide the requested electricity in accordance with the entry application, price will be determined of organizer. Electricity that was not pre-ordered can not be guaranteed, please contact the event organizer. For prices and inquiries in excess of incoming electricity, please contact the event organizer. To connect to the organizer's electricity grid, each team should connect their own residual-current device. Connection cables to the organizer's electricity mains should be marked with the competing car's race number and competition class. Electricity for service, commercial exhibitors/salespeople will be debited.
- 1.14.3 Each competitor is responsible for the payment of fees for all their vehicles in the paddock parking space. Race cars may only be moved in the paddock by an individual who has a driver's licence who at that time must be seated behind the wheel and have control of the car.

1.15 Enviroment

Each competitor and team are responsible for their rubbish and waste. Rubbish and waste must be submitted on the environmental stations that are located at the racetrack. (see information in PM).

- 1.15.1 After each event the RallyX organization will check that the paddock is clean. If a competitor/team has left waste or garbage, the cost of cleaning may be charged the competitor.
- 1.15.2 Enviromental regulations at each event are according to each countries common Rules
- 1.15.3 The organizer is responsible that environmental stations are within range.
- 1.15.4 Each competitor shall also have absorbent materials for absorbing oil spills and other liquids.

Regarding the competitors/team's responsibility at events, the following applies:

- Always prevent and avoid any spills arising from vehicles.
- Hazardous waste such as oil, fuel, contaminated liquid or soil, must be taken care of by the respective competitor.
- Tight tarpaulin, absorbtion mat, or equivalent protection should be used during the event at all facilities / service points / paddock parking space. The protection must be so large that it even protects when large spill, thus significantly higher than the actual competition vehicle. Any spillage may not be removed to other places than that by the organizer designated location.
- Tight tarpaulin, absorbtion mat, or equivalent protection should also be available, if necessary, to be placed under the rest of the team's vehicles in the paddock.
- Sufficient soil protection of absorbent material shall be provided and used during the refueling of vehicles, regardless of where it occurs. Any spillage should always be collected by the one who spillt.
- Collecting container shall be provided for collecting fluids. The container must accommodate at least 1½ time the amount of liquids (excl. Fuel) is in the race car, but at least 10 liters. The container must be located where the risk of spillage or leakage may occur.
- Bin bags or similar, should be brought and used, unless the organizer announced in the supplementary regulations that they provide these.

- Washing cars may only be done at appointed spot made by organizer.
- Each driver / team shall have the absorption / approved sanitation agents unless otherwise stated in the invitation or the respective sporting regulations. The amount must be able to absorb at least 10 liters per race car. Decontamination agents must be disposed of by the relevant driver / team and delivered to the organizer's recycling center if available. Absorption / sanitation agents can be replaced by absorbing mat if so specified in the respective sporting regulations.

2. Scope

- Races comprised in this championship should be conducted in accordance with the Rally X 2023 Sporting Regulations and these General and Commercial regulations.
- All teams, team members, drivers and persons associated with them, will through this application be bound by the Rally X 2023 Sporting Regulations and all amendments or changes thereof.
- Failure to follow these regulations may result in fines or penalties set out according to the FIA Sporting Code.

Driver presentations

- Drivers, wearing their driver overall, must always participate in driver presentations before and during each event. Participation in autograph sessions, pit walks, press/VIP session in RallyX Race Lounge etc. is necessary if requested by RallyX.

Television/Internet/WAP/SMS messages

- All transmissions, recordings, cable, satellite, digital, video, and rights to all media in RallyX events are RX Promotion AB's property. Any recording transmission of RallyX events or retransmissions or reproductions of material without RX Promotion AB's permission is forbidden. Questions relating to the rights of sponsors, advertisers and other commercial purposes should be made to RX Promotion AB.
- By entering the championship, the driver/competitor and their teams are obliged to assist RallyX in the promotion of the championship.
- All drivers finishing first, second or third in each final, must participate in a press conference in the media center at the track immediately after the podium ceremony.
- Each team is allowed to install their own fittings for an on-board camera, which are subject to approval by the ASN Technical Delegate and the TV-company involved.
- Decisions as to who should have the TV-company on-board cameras rest exclusively with the TV-company, whose decisions are final.

VI. Publicity

- Driver name signs above/on the transporter car's tent in the paddock parking space are mandatory. These should be displayed above the competing car's tent entrance facing the paddock street. Sign will be provided by Rally X and may not be altered.
- All drivers qualifying for an award in accordance with article IX must attend the podium ceremony wearing their driver's safety equipment (overall) and a cap provided by the specified tyre supplier from the moment the car stopped in parc ferme and to the moment the press conference ends and also during the podium ceremony and during official TV interviews.
- By signing the entry contingent liability form each applicant and driver allow RallyX to use their photos, activities and successes in motor sports for commercial, publicity, PR and merchandising purposes for the 2023 season. The applicant and driver also agree to use the championship's full name in all commercial or marketing situations they are associated with (in connection with the championship).

VII. Merchandising

- The competitor/team hereby authorise and give RallyX permission to use pictures and representations of the competitor/team's vehicles competing in the championship, including (to the extent the competing vehicle is shown in the championship) the manufacturer's logo for the purpose of producing merchandise exploiting the reputation of the championship.
- The competitor and applicant hereby authorise and give RallyX permission to use their pictures and representations of the driver and the team's paraphernalia including (to the extent such are shown on the driver's clothes, the team's paraphernalia or on the cars driven by the competitor during the championship) the manufacturer's logo and decals of the competitor's or applicant's sponsors for the purpose of producing merchandise exploiting the reputation of the championship. The authorisations are not exclusive and compromise the production av teams, cars, sponsors, persons, etc. in digital form regarding further sales in the shape of games and similar.

VIII. Miscellaneous

- **Test & press days.**
It is not allowed, without permission from the promotor to arrange or take part in any private test session (wheter alone or not) from 14-days before the championship event is held at the track in question. Concerning media and press activities this is done in consultation with respective organizer of the event and Promotor.
- Drivers, competitors, manufacturers and other team personnel and functionaries may not either individually or with any such participants or any representative or agent, procure or solicit or arrange for any supplies, gratuities, products merchandise, equipment or any other thing of value to be provided from any source whatsoever bearing or depicting the championship logo and/or any trademark and/or copyright used or associated with the championship without written consent from RX Promotion AB
- All competitors must draw up a list with it's next of kin, regarding all the teams personell that are at the racetrack during a RallyX event. This list shall be handed over to RallyX before the first event.

IX. Prizes

- Prize cups will be awarded to the drivers who finishes first, second or third in every final. Presentation will take place at the RallyX prize podium.

X. Administrative Fees

- The terms in these Commercial Regulations are fundamental to the contract between RX Promotion AB and the driver/competitor and team. Any breach of these regulations may result in the competitor being excluded. Decisions regarding exclusion are made by RallyX.
- RallyX may alternatively and/or in addition to exclude the driver/competitor, team, or manufacturer from the championship, impose any one or more of the following penalties/fines as a condition of continued participation in the championship.

Appendix 1

A1. Championship events

Each event will compromise two free practice sessions, 3 or 4 qualifying heats, two Semi-Finals and the Final.
