

NUMBER **202502**

Clarification **1**

DATE

03.12.2024

ISSUER

Curt Berglund

- Clarification of Regulation CC-T 2.3 Springs and shock absorbing
- Clarification of Regulation CCJ-T 2.3 Springs and shock absorbing

Attached pictures of allowed/not allowed shock absorbers. Separate expansion containers are considered when a hose is connecting the damper and the expansion container.

This will be added to the technical regulations from version 2 and onwards.

Allowed

Not allowed
